Second Year  
Questionnaire

## THE CAMPUS LIFE AND LEARNING PROJECT

Funded by the Andrew W. Mellon Foundation, the Campus Life and Learning Project (CLL) is a major new research project being conducted by several social- and behavior-science faculty members at Duke University. The Project Directors are Dr. Kenneth I. Spenner, Professor of Sociology and Dr. A-Y Bryant, Staff Psychologist with Counseling and Psychological Services and in the Department of Psychiatry and Behavioral Sciences.

In brief, the CLL project is interested in your undergraduate experience at Duke University and, in particular, how your academic, social and residential experiences at Duke affect your educational progress and satisfaction with the college experience.

In order to address these issues, the study has scientifically selected samples of incoming Duke undergraduates who are surveyed before they come to Duke, each year they are at Duke, and then two years after they leave the university. You are one of 1600 students selected at random from all students in two undergraduate schools to take part in this study. It is important that each person sampled participate in the study in order to assure that the results are generalizable to the full Duke student population.
